

Monadnock Community Market Co-op Information Session June 28th

• CO-OP, Continued from page 1

connects to the growing regional demand for year-round access to local and organic food, the timeliness and reason for opening it now, how the public can support this effort, and the timeline for opening doors.

"Many people have approached me to learn more about the co-op and this exciting opportunity for our region," said Bonnie Hudspeth, MCM project manager. "With our membership drive starting just over a month ago, this is the perfect time to have a regional information session to answer peoples' questions."

Regional supporters of local and natural food, supporters of local agriculture, and people interested in learning more about building a community-owned food co-op are encouraged to attend.

For more details, contact Jaime Contois at monadnockcommunitymarket@gmail.com or 603-504-2906.

Children's Theater Production At Marlow Library June 25th

The Marlow Library will host the University of New Hampshire's Little Red Wagon professional children's theater troupe on Friday, June 25th at 6 p.m. at Abbie's Park in Marlow for a performance of *Jack and the Beanstalk* and *the Two-Headed Ogre*.

The theater troupe performs for children and family audiences; it is the longest running non-profit children's theater tour in the US.

In *Jack and the Beanstalk* and *the Two-Headed Ogre* Jack and his mother were very poor and had to sell their beloved cow, but Jack sold the cow for some "magic" beans. When he took the beans home, his mother was so mad that she threw them out the window - and so begins the tale of Jack, his mother, the giant beanstalk, and the two-headed ogre who lives above the clouds. This 45-minute play is best for Pre-K to grade 3 audiences, but all ages will enjoy it.

In case of inclement weather, the show will be held inside the Odd Fellows Hall in Marlow. For more details regarding this show, call 603-446-3466.

In addition to The Little Red Wagon performance, the Marlow Library is launching its Summer Reading Program, "Make a Splash... Read!" For more details about what the summer reading program offers or for library hours, call 603-446-3466.
